We are excited
to announce our new
**Children's Ministry
Curriculum for 2018**

Answers Bible Curriculum is a chronological presentation of the history and truths found in the Bible. ABC takes students on the fascinating journey through the history of creation, sin, and redemption, stopping along the way to discuss important apologetics ("proofs") and historical events. Lessons in God's Word are: Our Foundation, Attributes of God, and We Can Know God Exists, to name a few.

Your child will be learning proof to back up his/her beliefs. Encourage your child to come each Sunday, as the lesson builds from one Sunday to the next. We look forward to this fun and life-changing journey.
